

I am writing to urge to you to stop phone companies from imposing misleading charges on my monthly phone bill. Because this practice is tolerated by the FCC, long distance and wireless phone companies are able to hide the true cost of service. The FCC should immediately grant the NASUCA petition to investigate carrier practices related to line item charges on bills for wireline and wireless phone service; to declare certain practices in violation on the Commission's "Truth in Billing" Order and to prohibit carriers from imposing separate monthly fees, line items or surcharges unless expressly mandated by law or the charge is expressly authorized by a governmental authority. Consumers are fed up with being charged for a penny here, or nickel there. Thus, allowing businesses to continue to collect what appears to be nothing, but ends up costing consumers hundreds of dollars. Sincerely, L. Edquist 14 Pinyon Pine Rd Littleton CO 80127
